

CHAPTER 6 MULTIMODAL CONSIDERATIONS

Overview

This section of the plan will discuss transportation modal considerations that were prepared for the 2040 MTP. One of planning requirements state that the plan shall consider long and short range strategies/actions that “lead to the development of an integrated multi-modal transportation system to facilitate the safe and efficient movement of people and goods in addressing current and future transportation demand.” Seven transportation modes will be discussed:

- 6.1 – Public Transit
- 6.2 – Transit System Security
- 6.3 – RIDESHARE
- 6.4 – Bicycle Facilities
- 6.5 – Pedestrian Facilities
- 6.6 – Lake and River Port Facilities
- 6.7 – Airports
- 6.8 – Rail
- 6.9 – Transportation System Security
